New York, May 1.—Dependence on the foreign market as a barometer of conditions abroad was discounted on account of holidays at the principal account of holidays at the principal foreign markets.

Private advices were that a more hopeful feeling prevailed and the absence of official news restricted trading here inregly. While the home market started higher, the period of strength was of brief duration and the downward movement was resumed, with violence in spots.

Figh class stocks sought substantially lower levels, with a sprinkling of low records by investment and non-dividend paying issues. Septuistive leaders showed considerable resiliency, rallying briskly where there was a cessation of liquidation in other quarters.

cessation of liquidation in other quarters.

Bonds were heavy.
Expresentative stocks which had been chafing under the restraint imposed by the liquidation of minor issues, bounded up vigorously and pulled the whole list upwards. Shorts hastened to cover up and bid up prices materially on themselves in their anxiety to get stock. Canadian Pacific sold five points above yesterday's clogling and Union Pacific, Copper and Steel from 1% to 2%.

Immediate demands of the short interest having become salisfied prices were allowed to slack back to fractional losses.

Violent movements were common in the downward and upward swings, some active shares vibrating more than three points.

The market closed strong. Bulls took aggressive action in the closing hour and lifted prices another peg. Strength permeated every quarter.

WILLA IS ATTACKED

BY FEDERAL FORCE Word was received in Juarez today of a battle in progress yesterday at Saz Antonio, Mexico, on the Chihuahua city, division of the Mexico North Western railway. The fight was between the 200 self styled Constitutionalists under Pancho Villa and a small federal force

sent out from the state capital. The federals, it is understood, were attempting to recover the 180,000 pesos worth of silver bullion which Villa secured in looting a North Western pasreturning of which to the American mine owners has been contested by certain members of the El Paso rebel junta.

HE DIDN'T SEE SNAKES.

Dr. S. Weir Mitchell is reported in
Lippincott's as taking keen enjoyment in recounting the experience of a med-ical friend of his who enhanced a nurse, recently graduated, for a case of de-lirium tremens. The physician succeeded in quieting the patient, and left some medicine, instructing the nurse to administer it to him if he "Degan to see snakes again." At the next call the physician found the patient again raving. To his pussed inquiry the nurse replied that the man had been going on that way for several hours. ind that she had not given him any and that she had not given him any medleine.

"But didn't I tell you to give it to him if he began to see snakes again?" demanded the physician.

"But he didn't see snakes this time," replied the nurse, confidently. "He saw red, white and blue turkeys with straw hats on."
